

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

From last couple of years due to the effect of pandemic, the education has changed significantly, with the typical growth of e-learning. For effective teaching learning process, ICT classroom is equipped with projector. The institution has an effective mechanism for well-planned curriculum. During this year, the teaching was conducted mostly on offline mode. It also includes Zoom meeting, PPT presentation, Google meet, and preparing videos of the teachers. It has been arranged in such a way that the syllabus would be completed within specified time. This helps as an active way for the clarification of relevant subjects for the students. Teachers also conducted test with the help of Google forms. Recording of video lectures are made available to students for long term learning and for future referencing teachers use and conduct virtual workshops
