Following (the below mentioned) code of conduct is imperative for each faculty of Dr. Babasaheb Ambedkar Marathwada University:

1. A faculty member must believe that he / she has responsibility to shape the future of the students and therefore the duties of a faculty member do not end by completing the subject course and leaving the rest to the students. It is to be understood that all students will not be self-motivated. Such students may need regular counselling in various forms. A faculty member is expected to continuously make efforts to devise new ways and means to counsel and motivate the students towards studies and career growth.
2. In order to achieve this, a faculty member must engage lectures well prepared with theory and practical examples of the subject. He/ she may use pictures and videos to explain the subject. Encourage students (if required; make compulsory for the students) turn by turn to participate and explain the subject in class during the discussion. Use English to the best possible extent as medium of communication for such discussion.
3. A quality and high standard teaching is only possible when a faculty member is dedicated to the profession, its students and the subject he / she is teaching. Dedication

and motivation are complementary to each other. A dedicated faculty member must seek his future in teaching profession. A faculty member must display his / her dedication for the students so that it is felt by the students. Needless to say that although dedication is un-measurable and intangible but its impact can be felt.

4. A faculty member who is supposed to be a good thinker must evolve methodology to improve the system, academic environment of the institute and suggest ways and means to do it.
5. General counselling of the students is required and is the responsibility of each faculty. If the student appears to be not convinced from the counselling, he / she should be given full opportunity to put forward his point of view, inside or outside the classroom, and faculty member must act wise to explain what is best in the interest of a student.
6. Faculty member should not enter into the arguments with students in front of everybody. Converse and communicate with the student about the outcomes which he may face, today or in future jobs, due to the poor way of talking with the faculty members/ seniors etc.
7. Many a times, it happens that the student is not always at fault. So, faculty should communicate politely and respectfully so that a good rapport with students gets maintained. In such situations “give respect to command respect”, should be followed.
8. Behaviour of faculty members with the students should be such that it displays authority and command with love and affection for them. Ultimately faculty member should be able to convey to the students that they are being taken care for their all-round growth.
9. It is the duty of a faculty member to report any act of indiscipline noticed by him / her within the campus. Also, as far as possible, faculty member should interrupt in the act of indiscipline noticed by him / her and make an effort to bring a desired order and situation.
10. Although, everybody has a right to look for his / her own career development. However

faculty member should refrain during University hours from any such activity like preparing for competitive examinations to seek employment outside University and / or applying outside in other organizations for seeking employment. All such activities are private matters of individual faculty member and the same should not be performed during institute hours or within the academic area of the University.

11. It is expected that faculty members shall not keep any material with them or in their departmental cabin other than subject text books, class notes and the related material like the answer sheet submitted by the students etc. Anybody found indulging in such activities will call for a disciplinary action against him / her.
12. Except during the lunch hours, a faculty member must be present within the department and / or within the academic area of the University and must avoid holding private meetings with other staff member / faculty member during the Department working hours to discuss topics other than academics.
13. Behaviour of the faculty member with the fellow staff member / faculty member during the Department working hours, especially before the students, should be very decent which could be set as an example to follow. He/she should not criticize fellow staff member / faculty member and the university authorities especially before the students.
14. A faculty member must follow law of the land and should not indulge himself/herself in an activity which can be detrimental to the reputation of the University.
