

7.1.5 - Green campus initiatives include Tree plantation in college for maintaining green campus

Guest lecture on Environment Effect on Human Health was organized by Department of Geography on behalf of World Environment day 5th June 2022.

Oath of Environment protection was given to students and teachers on behalf of World Environment Day by Geography department

- **Tree Plantation by students, teachers and other stakeholders**

In our college NSS, Botany and other departments are always enthusiastic for tree plantation. Generally whenever guests visit to our college we plan for tree plantation with their auspicious hands. Also Internal Complaint committee had organized tree plantation program by women of local area to bring environment awareness among them. Our students also deliberately participate in tree plantation whenever they get chance.

➤ Rain gauge is set on rooftop by the department of geography

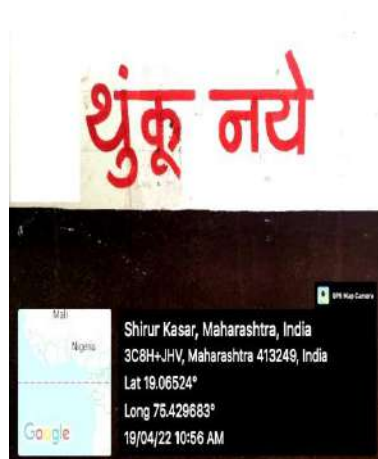

➤ Display of Environment related posters in college campus

To make students aware regarding different social issues, on different occasions we ask students to prepare posters related to it. Our students prepare these posters and we organize poster presentation program to motivate them. Posters prepared by our students are further displayed in college campus.

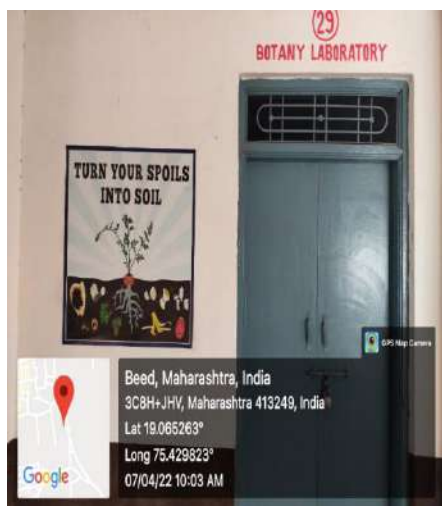

➤ Display of Pollution Management Sign Boards in College Premises

● Air Pollution Management Sign boards

➤ Poster presentation on Initiative for Ban on use of plastic-

Solid Waste Management System in College-

➤ Reduced use of Print copies to avoid wastage of paper

Technology is used to a greater extent for communication among the staff and the students rather than paper communication. What'sapp - class wise groups, Department wise groups, Committee wise groups facilitate E-communication and use of public address systems reduces usage of paper in notices and circulars. Use more readout material in soft form. Reduce the hard readout material. Use more of e-mail for officially communicating the information needed, online reading etc. For rough printing we take care that one sided waste paper is used instead of fresh paper. The waste paper stock of college is sold to vendor for recycling.
