## Analysis of Students Satisfaction Survey

In academic year 2022-23, we have taken student satisfaction survey through Google form. In this we have collected responses regarding teacher performance, library, college infrastructure, curricular and co-curricular activities and non-teaching performance. A list of 20 questions was prepared related to different parameters.

Almost all the students respond positively as 50% to 58% scores were given as the students agreed for questions asked regarding their satisfaction for different variables. The students have strongly agreed for the same variables in the range of 29% to 43%. A few students disagreed and strongly disagreed for some variables.

As far as the role of the teachers is concerned, 50.7 % to 57.2 % response is seen excellent. Students had responded that teachers complete their syllabus on time and they use modern teaching techniques as per the need of the students. Teachers are punctual and fully prepared, they interact with students in the class, timely they motivate the students, and they behave with students in a friendly way.

Regarding the evaluation process when asked 56.4 % students said that the internal evaluation process is impartial. 55 to 57.2 % students expressed good remarks regarding reading material in library, reading room and IT facilities of the departments and online education. About Cleanliness and maintenance of the premises, toilets and washrooms, laboratories, drinking water and sports facilities 52.2 to 58.3 % students have responded positively.

56 % students positively respond that the office staff always helps them. They also help the teachers. The complaints of the students are solved time to time by the concerned committee. The passed out students are motivated for placement.

Analysis and the document has been submitted to principal. That was further discussed in the meeting and was decided to cover the loop holes in the related areas.

We have provided the link of Student Satisfactory Survey Google form to students through the What's App groups.
